Title: Simplifying Multi-Cloud Observability

Congratulations Siri Varma Vegiraju!

Your talk, Simplifying Multi-Cloud Observability, has been selected for Conf42.com Kube Native 2024.

We are really excited to have you speak and we think your session will really help make Conf42.com Kube Native 2024 amazing.

Can you please confirm that you will still be able to attend by visiting the link below and letting us know whether you can or cannot still attend?

<https://www.papercall.io/submissions/169438/confirm>

We will reach out with further details later today. We'll send those instructions to the email address you provided with your papercall submission - please make sure you still have access to that inbox!

We sometimes end up in spam, please check there as well. If you don't receive anything from us until today's EOD, please ping me at mark@conf42.com or [connect via LinkedIn](#).

Thank you again for your submission and we really hope that you will accept our invitation to speak.

If you can't make it for any reason (vacations, hectic time, force majeure, etc.) - please don't worry. We don't blacklist anyone, so even if you can't deliver your session this time, we'd still be glad to have you in the future. Life happens!

Kind regards, Mark Pawlikowski, the main organizer of Conf42.com Kube Native 2024
