From Denver Dev Day | Developer's Conference | October 2024 <denver-dev-day-oct-2024@events.sessionize.com>

Date Mon 9/30/2024 7:50 PM

To Siri Varma Vegiraju <siri.varma@outlook.com>

Siri Varma,

Hi. I'm Craig with Denver Dev Day and I am your personal contact when you need anything between now and Oct 18 - just email speakers@denverdevday.com when you need to reach me. But first, I am pleased to send you this email congratulating you on your session's approval - spoiler alert! Remember to *confirm* acceptance so we can get you on the list, scheduled, and start all the wheels rolling.

Great news! Your session **Simplifying Multi-Cloud Observability with OpenTelemetry** has been accepted for **Denver Dev Day | October 2024**! Thank you so much for taking the time to submit a session and we look forward to seeing you.

Please click on the link below to confirm that you have received this message, and you will participate!

⚠️ **DEADLINE FOR ACCEPTANCE IS Sunday, October 13th.**

Confirm participation

If you cannot attend, or have any questions, please reach out to speakers@denverdevday.com.

Please take a moment to read the following notes:

This is a live, IN-PERSON event! You will be speaking in Denver. If that changes your availability, please let us know as soon as you can.

Do speakers get paid? At Denver Dev Day, every speaker gets paid in handshakes & smiles. Otherwise, no. We don't have that kind of budget.

Does Denver Dev Day pay for travel? See above. We wish we could. We don't have a budget to do anything like that. We're scrappy and volunteer-led.

Is there a hotel nearby? Yes: https://goo.gl/maps/BoEyoZBxTNpeZa5z9.

Is there a pre-event dinner? No. Not this time.

Is there lunch? Yes.

Is there a post-event dinner? Yes. You are invited. Stay tuned.

Thanks and we can't wait to see you there,
Denver Dev Day | October 2024

Tip: You've used Classic (siri.v***@***tlook.com) to login.

You're receiving this message because you had joined event 'Denver Dev Day | Developer's Conference | October 2024' on Sessionize.
